

Raghav Dua glorified DPS Panipat City by being an enthusiastic MUNer and a lethal debater. Having participated in a number of MUN's throughout the northern circuit, Raghav knows what to expect from his delegates. With his uncanny yet conventional MUN style, he does not merely emulate a diplomat but he is one.

MUNs for him are a platform for intellectual growth and development. He ensures that each of his delegates leave committee with a better understanding of the world, its problems as well as solutions. A true veteran of economic committees, he knows how to spot the difference between a feasible and implementable solution and unrealistic propaganda and tackles it accordingly.

Delegates, you won't get away with fancy words and loud voices in this committee. Presenting the Vice Chair of the Asian Economic Conference - Raghav Dua
