

## Challenges and Solutions while implementing the International Exchange Program

- Linguistic Difficulties in Project Implementation which is addressed through structured 'partner talks' - online or via e-mail, pairing students with international partners and peer to peer interactions.
  - Parental Concerns: Heterogeneous group of urban, semi-urban and rural populace which is overcome through regular counseling sessions.
  - Cultural Acceptance which was ensured by using strategies and activities to enhance mutual respect and understanding of cultures.
- 
- Financial Constraints which were removed by awarding scholarships to students
