

DPS TRIUMPHS IN IDEAS and INVENTIONS

DPS Panipat City bagged 2nd position in National Level Science and Environment Festival held at Delhi Public School Moradabad in which 40 schools from across India participated. The enthusiastic students of DPS Panipat City worked on their ideas under the guidance of Mr.Sushil Mishra and designed a Voltage Amplifier which would help in reducing electricity consumption manifold. This invention which was one of its own kind fetched showers of praise and recognition at the festival. The Pro Vice Chairman, Mr.Amit Rana and the Principal, Ms. Archna Jain congratulated the students for their outstanding accomplishment and wished them to reach even greater heights in whatever they seek to accomplish.

Congratulations Vakul, Mehul and Lakshay!! You have done us proudAll the very best for your future projects.
