Dear Parents,

Date: 25<sup>th</sup> April, 2015 Time: 11: 45 AM

- The Earth shook
- Epicentre-Nepal-Kathmandu Valley.
- City turned into rubble, with buildings gone, landmarks reduced to dust, houses damaged.
- More than 6,000 dead and many more rendered homeless.

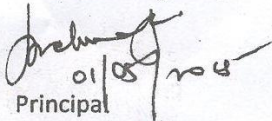

We share the grief of our neighbours. Indian government reacted immediately with supplies, medical teams and evacuations process.

At this juncture, as a goodwill gesture and on humanitarian grounds, it becomes the moral responsibility of each one of us, to whole heartedly support the 'Mission' of providing relief to the earthquake victims in Nepal, and to assist them to regain their normal life when they are in acute need of help, both in material & moral forms.

In view of the above, it is requested to voluntarily and generously donate so that the relief fund could be sent in time to the victims of earthquake in Nepal.

Looking forward to an overwhelming response on humanitarian ground to support the relief Mission in Nepal.

With Best Regards,

  
01/05/2015
