

TECHNO FEST

Learning becomes interesting with technology. It engages and challenges the students with new and interactive methods. Keeping this in mind, Techno Fest event was held at DPS Panipat City(Main & *junior*) to enhance student competency level in the growing Information Technology World.

Activities like 'Kea' - Coloring Software, 'Cup Stacking' - online game software, 'Speed Express', 'Frame Swagg' were organised to facilitate better performance of the students in the above field.

All the students participated in this activity with full enthusiasm and zeal.
